## Product Feature

- ✓ 1. **Guaranteed Quality:**  
Testing video is available for every toner.
- ✓ 2. **Stable quality with competitive price.**
- ✓ 3. **Excellent customer service and technical support,**  
on-time delivery.
- ✓ 4. **Good copy yield.**
- ✓ 5. **Choose qualified toner powder,**  
100% guarantee and 100% testing before delivery.
- ✓ 6. **Perfect package in good out-looking.**

Professional experience and capabilities

Quality assurance measures

Advantages of large-scale production

Enlite's accessories factory always uses high-quality raw materials, integrating production, R&D and sales. We are engaged in the R&D and manufacturing of copier consumables compatible with brands such as HP, Canon, Konica Minolta, Kyocera, Lexmark, Ricoh, Xerox, etc. We can provide tens of thousands of models of accessories such as Developer Unit, Fuser Unit, Roller, Developer, Balde, Film, OPC, etc. Stable quality and high-quality service are always our first purpose.

**Zero damage to the machine:**

environmental protection toner, fine particles healthy resin fiber, low carbon environmental protection.

**Clear print effect:**

The resin fiber toner is soluble and the image is clear and delicate.

**Stable print effect:**

The printing picture is clear, the powder particle is stable, the waste powder rate is low, and the powder is not leaked.

**Use imported consumables:**

From modern industrial production, the equipment is more stable and durable, reduce the occurrence of failures, and greatly reduce maintenance costs.
